K.P. PTFE Tube Characteristic:

- ◎ Made of new imported PTFE raw material,
wall uniform and precise size, long working life.
- ◎ Acid and alkali resistance.
- ◎ Working pressure 1.0MPa in 23℃, min burst pressure 3.5MPa in 23℃.
- ◎ Working pressure 0.5MPa in 100℃, min burst pressure 1.6MPa in 100℃.
- ◎ Working pressure 0.25MPa in 200℃, min burst pressure 0.75MPa in 200℃.
- ◎ Working pressure 0.15MPa in 250℃, min burst pressure 0.45MPa in 250℃.
- ◎ Operating temperature range -20℃~+260℃.
- ◎ Working medium: Inert gas, Corrosive fluids, water.
